- Acetylcholine, carbachol, bradykinin, and PGs evoked skin reactions in rabbits. Effect of *Rumex nepalensis* extracts on histamine. (a communication from India) Pradeep K Aggarwal, Lata Kumar, Santosh K Garg and Vijay S Mathur. 177
- Aderka, Dan, Ella Livni, Charlotte Sharon, and Jack Pinkhas: The migration inhibition factor test for identification of hypersensitivity reactions to drugs. 341
- Aeroallergen exposure in the elementary school setting. Clairbourne I Dungy, Peter P Kozak, Janet Gallup, and Stanley P Galant. 218
- Aeroallergens on bronchial reactivity in children sensitized to grass pollens. Influence of. (a communication from Italy) A Barbato, F Pisetta, M Norbiato, A Ragusa, P Mesirca, P Pesenti, and G Marcer. 138
- Agammaglobulinemia. Hypersensitive reactions to mosquito bites in congenital. Masanao Shibasaki, Ryo Sumazaki, and Hitoshi Takita. 81
- Aggarwal, Jag and Jay Portnoy: Intractable sneezing with a specific psychogenic origin. 345
- Aggarwal, Pradeep K, Lata Kumar, Santosh K Garg, and Vijay S Mathur: Effect of *Rumex nepalensis* extracts on histamine, acetylcholine, carbachol, bradykinin, and PGs evoked skin reactions in rabbits. (a communication from India) 177
- Albuterol in an asthmatic patient. Duration of action of oral. James P Rosen, Paul Chervinsky, Ronald L Renard, James P Kemp, Louis M Mendelson, Jay E Selcow, John H Noyes, Eli O Meltzer, Michael J Welch, H Alice Orgel, Linda Trochermann, and M Wessell. 28
- Alessandri, M V, N de Marzo, E Zocca, D Paleari, M Pozzan, C E Mapp, and L M Fabbri: Long-lasting protective effect of slow-release theophylline on asthma induced by ultrasonically nebulized distilled water. (a communication from Italy) 171
- Alginates—conjugated grass pollen extract. A multicenter trial of immunotherapy with. G Bruno, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, J Costello, J Centner, A Hunter, P B Sheehan, and A W Frankland. 384
- Allergen challenge. The immediate asthmatic response to. (a communication from the Netherlands) Z Pelikan, M Pelikan, M Kruis, and M P F Berger. 252
- Allergen inhalation. Serial changes of plasma cortisol levels during various types of asthmatic responses due to. Tsugio Nakazawa, Yoshio Umegae, Shigeru Matsui, Yasumasa Yoshie, Ryuzo Fueki, and Setsuo Kobayashi. 67
- Allergenic extracts. Standardization of. (review article) Ralph Hale. 103
- Allergenic materials. A comparison between pyridinic and non-pyridinic extraction of. Manuel Lombardero and Jose Carreira. 72
- Allergic bronchopulmonary aspergillosis in a young child: diagnostic confirmation by serum IgE and IgG indices. Thomas A Kiefer, Hemant H Kesarwala, Paul A Greenberger, John R Sweeney, Jr, and Thomas J Fischer. 229
- Allergy abstracts. 99, 192, 277, 366, 442
- Alper, Barry I, Agandra K Bewtra, Robert G Townley, Nicki Nair, and Russell J Hopp: Correlation of methacholine-induced non-specific bronchial reactivity and cold air hyperventilation challenge. 226
- Anaphylactoid and systemic reactions following saline enema administration. Six case reports. O Alexander Lozynsky, Lee Dupuis, Barry Shandling, Robert F Gilmour, and Barry Zimmerman. 62
- Armstrong, Wilbert, Dwight Wells, Eileen Galavan, Ludmila Slutsky, Morton S Skorodin, Nicholas J Gross, Thomas Moritz, and Frank W King: Oxitropium bromide, a new anticholinergic bronchodilator. 229
- Ashoor, Abdul Aziz, Shakir Maglad, and Henning Sorensen: Perennial rhinitis in Saudi Arabia. A prospective study. 76
- Aspergillosis in a young child: diagnostic confirmation by serum IgE and IgG indices. Allergic bronchopulmonary. Thomas A Kiefer, Hemant H Kesarwala, Paul A Greenberger, John R Sweeney, Jr, and Thomas J Fischer. 233
- Asthma. A comparison of intravenous hydrocortisone, methylprednisolone, and dexamethasone in acute bronchial. Michael A Sue, Frank K Kwong, and William B Klaustermeyer. 406
- Asthma. A controlled study on the effect of treatment with cromolyn sodium pressurized aerosol on bronchial reactivity in patients with. (a communication from the United Kingdom) L A Laitinen, K Venho, and H Poppius. 270
- Asthma. Effects of treatment on mortality from. R Michael Sly. 207
- Asthma induced by ultrasonically nebulized distilled water. Long-lasting protective effect of slow-release theophylline on. (a communication from Italy) L M Fabbri, M V Alessandri, N de Marzo, E Zocca, D Paleari, M Pozzan, and C E Mapp. 171
- Asthma. Methotrexate in the treatment of steroid-dependent. Michael F Mullarkey, D Robert Webb, and Neely E Pardee. 347

INDEX TO VOLUME 56

- Asthma mortality in the Northwestern United States. A recent increase in. Leonard J Paulozzi, James J Coleman, and A Sonia Buist. 392
- Asthma prophylaxis. Effects of Ketotifen upon responses to platelet activating factor: a basis for. J Morley, C P Page, L Mazzoni, and S Sanjar. 335
- Asthma. The use of Ketotifen in the prophylaxis of seasonal allergic. David G Tinkelman, Cynthia S Webb, Gerald E Vanderpool, M Scott Carroll, Dennis L Spangler, and Gary Z Lotner. 213
- Asthmatic patients. RAST-specific IgE in Nigerian. (a communication from Nigeria) Geoffrey C Onyemelukwe, Farouk Shakib, Thana K Saeed, Zena A Salloum, Ravindra V Lawande, and Enyoma Obineche. 167
- Asthmatic reactions to inhaled *Dermatophagoides pteronyssinus*: reproducibility and antagonism by cromolyn sodium. Dual. (a communication from Italy) Emanuele Crimi, Marina Brancatisano, Giuseppe Villa, and Vito Brusasco. 183
- Atropine methylnitrate solutions. Functional shelf life of methacholine and. W Ronald Tipton and R A Ledoux. 117
- Ayuso, Rosa, E Trivinio, J Carreira, O D Cuthbert, and W D Brighton: Controlled activity mite vaccines for 'barn allergy.' (a communication from the United Kingdom) 261
- Azzari, Chiara, Alberto Vierucci, Maurizio de Martino, Assunta di Palma, Elio Novembre, Maria Elisabetta Rossi, and Massimo Resti: The multitransfused β -thalassemic child: a model for the study of IgE response. (a communication from Italy) 158

B

- Banov, Charles H: Editorial. I
- Banov, Charles H: President's address: optimistic outlook and future. 361
- Barbato, A, F Pisetta, M Norbiato, A Ragusa, P Mesirca, P Pesenti, and G Marcer: Influence of aeroallergens on bronchial reactivity in children sensitized to grass pollens. (a communication from Italy) 138
- 'Barn allergy.' Controlled activity mite vaccines for. (a communication from the United Kingdom) O D Cuthbert, W D Brighton, Rosa Ayuso, E Trivinio, and J Carreira. 261
- Berger, M P F, Z Pelikan, M Pelikan, and M Kruis: The immediate asthmatic response to allergen challenge. (a communication from the Netherlands) 252
- Berger, William E: Use of A-mode ultrasound for diagnosis of sinus disease in young children. 39
- Berman, Bernard A and Robert N Ross: Treating coexisting cardiovascular and pulmonary disease with calcium antagonists. (review article) 195
- Berrens, L, W J Koers, A M C van der Elst, and A G van Dyk: Cow's milk allergy in an adult patient. (a communication from the Netherlands) 267
- Bewtra, Agandra K, Robert G Townley, Nicki Nair, Russell J Hopp, and Barry I Alper: Correlation of methacholine-induced non-specific bronchial reactivity and cold air hyperventilation challenge. 226
- Bielory, Leonard and Pedro Gascon: Bone marrow failure: immunologic implications and treatment modalities. (clinical allergy—immunology rounds) 114, 123
- Bone marrow failure: immunologic implications and treatment modalities. (clinical allergy—immunology rounds) Leonard Bielory and Pedro Gascon. 114, 123
- Book reviews. 276
- Bradykinin, and PGs evoked skin reactions in rabbits. Effect of *Rumex nepalensis* extracts on histamine, acetylcholine, carbachol. (a communication from India) Pradeep K Aggarwal, Lata Kumar, Santosh K Garg, and Vijay S Mathur. 177
- Brancatisano, Marina, Giuseppe Villa, Vito Brusasco, and Emanuele Crimi: Dual asthmatic reactions to inhaled *Dermatophagoides pteronyssinus*: reproducibility and antagonism by cromolyn sodium. (a communication from Italy) 183
- Brighton, W D, Rosa Ayuso, E Trivinio, J Carreira, and O D Cuthbert: Controlled activity mite vaccines for 'barn allergy.' (a communication from the United Kingdom) 261
- Bronchodilator. Oxitropium bromide, a new anticholinergic. Morton S Skorodin, Nicholas J Gross, Thomas Moritz, Frank W King, Wilbert Armstrong, Dwight Wells, Eileen Galavan, and Ludmila Slutsky. 229
- Bronchospasm in a nurse. Recurrent. (clinical allergy—immunology rounds) Linda H Pozner, Carmine Mandarano, Myron J Zitt, Marianne Frieri, and Nathan S Weiss. 14, 44
- Bruno, G, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, J Costello, J Centner, A Hunter, P B Sheehan, and A W Frankland: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- Brusasco, Vito, Emanuele Crimi, Marina Brancatisano, and Giuseppe Villa: Dual asthmatic reactions to inhaled *Dermatophagoides pteronyssinus*: reproducibility and antagonism by cromolyn sodium. (a communication from Italy) 183
- Buck, Paul and Estelle Levetin: Evidence of mountain cedar pollen in Tulsa. 295
- Bugiani, Massimiliano, Aurelia Carosso, and Carlo Ruffino: The effect of birth season on pollenosis. 300
- Buist, A Sonia, Leonard J Paulozzi, and James J Coleman: A recent increase in asthma mortality in the Northwestern United States. 392
- Burks, A Wesley and Russell W Steele: Wiskott-Aldrich syndrome with fever of unknown origin. (clinical allergy—immunology rounds) 293, 321

INDEX TO VOLUME 56

C

- C4 deficiency and elevated IgM. Cold urticaria associated with. Chester T Stafford and Donna M Jamieson. 313
- Calcium antagonists. Treating coexisting cardiovascular and pulmonary disease with. (review article) Bernard A Berman and Robert N Ross. 195
- Candura, Francesco, Gianna Moscato, Paolo Danna, Nadia Dorigo, and Antonio Dellabianca: Effect of nifedipine of hyperreactive bronchial responses to methacholine. (a communication from Italy) 145
- Carbachol, bradykinin, and PGs evoked skin reactions in rabbits. Effect of *Rumex nepalensis* extracts on histamine, acetylcholine. (a communication from India) Pradeep K Aggarwal, Lata Kumar, Santosh K Garg, and Vijay S Mathur. 177
- Cardiovascular and pulmonary disease with calcium antagonists. Treating coexisting. (review article) Bernard A Berman and Robert N Ross. 195
- Carosso, Aurelia, Carlo Ruffino, and Massimiliano Bugiani: The effect of birth season on pollenosis. 300
- Carreira, J, O D Cuthbert, W D Brighton, Rosa Ayuso, and E Trivinio: Controlled activity mite vaccines for 'barn allergy.' (a communication from the United Kingdom) 261
- Carreira, Jose and Manuel Lombardero: A comparison between pyridinic and non-pyridinic extraction of allergenic materials. 72
- Carroll, M Scott, Dennis L Spangler, Gary Z Lotner, David G Tinkelman, Cynthia S Webb, and Gerald E Vanderpool: The use of ketotifen in the prophylaxis of seasonal allergic asthma. 213
- Catgut sutures: a case report and review of the literature. Hypersensitivity to chromated. R J M Engler, Charles B Weber, and R Turnicky. 317
- Cedar pollen in Tulsa. Evidence of mountain. Estelle Levettin and Paul Buck. 295
- Centner, J, A Hunter, P B Sheehan, A W Frankland, G Bruno, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, and J Costello: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- Chapman, Jean A: An unusual nitrofurantoin-induced drug reaction. 16
- Cheng, Magdalen, Herbert S Kaufman, Vadim I Kvitash, and Gunnard W Modin: A rapid method of theophylline assay in the physician's office. 120
- Chervinsky, Paul, Ronald L Renard, James P Kemp, Louis M Mendelson, Jay E Selcow, John H Noyes, Eli O Meltzer, Michael J Welch, H Alice Orgel, Linda Trochelmann, M Wessell, and James P Rosen: Duration of action of oral albuterol in an asthmatic population. 28
- Chiaromonte, Lawrence T, Chajuta Guss, and Arlene T Schneider: Perforated gastric ulcer in an asthmatic treated with theophylline and steroids. Case report and literature review. 237
- Chinoy, Paras, Michael H Grieco, David K Meriney, and Harish Kothari: The clinical and immunologic efficacy of immunotherapy with modified ragweed extract (allergoid) for ragweed hay fever. 34
- Cholestasis. Detection of the cholestatic factor in the liver tissue of patients with acute intrahepatic cholestasis. Y Mizoguchi, K Miyajima, Y Sakagami, S Yamamoto, and S Morisawa. 304
- Chronic obstructive pulmonary disease in a stable state. Ear oximetry studies during sleep in patients with severe. (a communication from the Netherlands) F Gimeno, R van Veenen, and E J Steenhuis. 142
- Cohen, Robert M, William Grant, Phil Lieberman, William Potter, Emmel Golden, Lloyd V Crawford, Henry Herrod, and T J Yoo: The use of methacholine inhalation, methacholine skin testing, distilled water inhalation challenge and eosinophil counts in the evaluation of patients presenting with cough and/or nonwheezing dyspnea. 308
- Coleman, James J, A Sonia Buist, and Leonard J Paulozzi: A recent increase in asthma mortality in the Northwestern United States. 392
- Correia, Junita, Alan F Isles, Henry Levison, Stuart M Macleod, J Steven Leeder, and Colin Robertson: Evaluation of serum theophylline concentrations following administration of sustained-release beads in applesauce to asthmatic preschool children. (a communication from Canada) 133
- Cortisol levels during various types of asthmatic responses due to allergen inhalation. Serial changes of plasma. Tsugio Nakazawa, Yoshio Umegae, Shigeru Matsui, Yasumasa Yoshie, Ryuzo Fuchi, and Setsuo Kobayashi. 67
- Costello, J, J Centner, A Hunter, P B Sheehan, A W Frankland, G Bruno, B Wüthrich, M A Ganderton, F Horak, and N Hyldebrandt: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- Cow's milk allergy in an adult patient. (a communication from the Netherlands) W J Koers, A M C van der Elst, A G van Dijk, and L Berrens. 267
- Cow's milk, and egg in children with special reference to maternal diet. IgE-mediated allergy to peanut. John W Gerrard and Lewis Perelmutter. 351
- Crawford, Lloyd V, Henry Herrod, T J Yoo, Robert M Cohen, William Grant, Phil Lieberman, William Potter, and Emmel Golden: The use of methacholine inhalation, methacholine skin testing, distilled water inhalation challenge and eosinophil counts in the evaluation of patients presenting with cough and for nonwheezing dyspnea. 308
- Crimi, Emanuele, Marina Brancatisano, Giuseppe Villa, and Vito Brusasco: Dual asthmatic reactions to inhaled *Dermatophagoides pteronyssinus*: reproducibility and antagonism by cromolyn sodium. (a communication from Italy) 183
- Cromolyn sodium. Dual asthmatic reactions to inhaled *Dermatophagoides pteronyssinus*: reproducibility

INDEX TO VOLUME 56

- and antagonism by. (a communication from Italy). Emanuele Crimi, Marina Brancatisano, Giuseppe Villa, and Vito Brusasco. 183
- Cromolyn sodium pressurized aerosol on bronchial reactivity in patients with asthma. A controlled study on the effect of treatment with. (a communication from the United Kingdom) L A Laitinen, K Venho, and H Poppius. 270
- Cuthbert, O D, W D Brighton, Rosa Ayuso, E Trivinio, and J Carreira: Controlled activity mite vaccines for 'barn allergy.' (a communication from the United Kingdom) 261

D

- Danna, Paolo, Nadia Dorigo, Antonio Dellabianca, Francesco Candura, and Gianna Moscato: Effect of nifedipine on hyperreactive bronchial responses to methacholine. (a communication from Italy) 145
- Deck, Colleen C and Kenneth Radack: Are oral decongestants safe in hypertension? An evaluation of the evidence and a framework for assessing clinical trials. 396
- Decongestants safe in hypertension? An evaluation of the evidence and a framework for assessing clinical trials. Are oral? Kenneth Radack and Colleen C Deck. 396
- Dellabianca, Antonio, Francesco Candura, Gianna Moscato, Paolo Danna, and Nadia Dorigo: Effect of nifedipine on hyperreactive bronchial responses to methacholine. (a communication from Italy) 145
- de Martino, Maurizio, Assunta di Palma, Elio Novembre, Maria Elisabetta Rossi, Massimo Resti, Chiara Azzari, and Alberto Vierucci: The multitransfused β -thalassemic child: a model for the study of IgE response. (a communication from Italy) 158
- de Marzo, N, E Zocca, D Paleari, M Pozzan, C E Mapp, L M Fabbri, and V Alessandri: Long-lasting protective effect of slow-release theophylline on asthma induced by ultrasonically nebulized distilled water. (a communication from Italy) 171
- Dennis, Thomas R, William J DiTuro, Peter M Goldsmith, Lawrence D Frenkel, and Naren G Jadeja: Intravenous gammaglobulin treatment of profound herpes varicella zoster associated thrombocytopenia. (clinical allergy—immunology rounds) 206, 241
- Dermatophagoides farinae*. Allergenic and immunogenic components of house dust mite. (a communication from Japan) Shigetoshi Nakada, Michiko Haida, Takemasa Nakagawa, Koji Ito, and Terumasa Miyamoto. 150
- Dermatophagoides pteronyssinus*: reproducibility and antagonism by cromolyn sodium. Dual asthmatic reactions to inhaled. (a communication from Italy) Emanuele Crimi, Marina Brancatisano, Giuseppe Villa, and Vito Brusasco. 183
- Dexamethasone in acute bronchial asthma. A comparison of intravenous hydrocortisone, methylprednisolone, and. Michael A Sue, Frank K Kwong, and William B Klaustermeyer. 406
- Diarrhea and weight loss in a patient with common variable immunodeficiency. Chronic (clinical allergy—immunology rounds) Stuart Henochowicz. 382, 410
- Dieges, P H, S Sanwikarja, and P I M Schmitz: The effect of locally applied ipratropium aerosol on the nasal methacholine challenge in patients with allergic and non-allergic rhinitis. (a communication from the Netherlands) 162
- Diet. IgE-mediated allergy to peanut, cow's milk, and egg in children with special reference to maternal. John W Gerrard and Lewis Perelmutter. 351
- di Palma, Assunta, Elio Novembre, Maria Elisabetta Rossi, Massimo Resti, Chiara Azzari, Alberto Vierucci, and Maurizio de Martino: The multitransfused β -thalassemic child: a model for the study of IgE response. (a communication from Italy) 158
- DiTuro, William J, Peter M Goldsmith, Lawrence D Frenkel, Naren G Jadeja, and Thomas R Dennis: Intravenous gammaglobulin treatment of profound herpes varicella zoster associated thrombocytopenia. (clinical allergy—immunology rounds) 206, 241
- Dorigo, Nadia, Antonio Dellabianca, Francesco Candura, Gianna Moscato, and Paolo Danna: Effect of nifedipine on hyperreactive bronchial responses to methacholine. (a communication from Italy) 145
- Doxycycline. Serum theophylline concentrations are not affected by coadministration of. (a communication from Israel) Joram S Seggev, M Shefi, George Schey, and Zvi Farfel. 156
- Drug reaction. An unusual nitrofurantoin-induced. Jean A Chapman. 16
- Drugs. The migration inhibition factor test for identification of hypersensitivity reactions to. Dan Aderka, Ella Livni, Charlotte Sharon, and Jack Pinkhas. 341
- Duc, J and A Péoud: Successful treatment of idiopathic cold urticaria with the association of H1 and H2 antagonists: a case report. 355
- Dungy, Claibourne I, Peter P Kozak, Janet Gallup, and Stanley P Galant: Aeroallergen exposure in the elementary school setting. 218
- Dupont, Lee Ann, Michael J Reid, and Bruce L Nelson: Prospective survey of local and systemic reactions to immunotherapy with pollen extracts. 331
- Dupuis, Lee, Barry Shandling, Robert F Gilmour, Barry Zimmerman, and O Alexander Lozynsky: Anaphylactoid and systemic reactions following saline enema administration. Six case reports. 62
- Dyspnea. The use of methacholine inhalation, methacholine skin testing, distilled water inhalation challenge and eosinophil counts in the evaluation of patients presenting with cough and/or nonwheezing. Robert M Cohen, William Grant, Phil Lieberman, William Potter, Emmel Golden, Lloyd V Crawford, Henry Herrod, and T J Yoo. 308

INDEX TO VOLUME 56

E

- Ear oximetry studies during sleep in patients with severe chronic obstructive pulmonary disease in a stable state. (a communication from the Netherlands) F Gimeno, R van Veenen, and E J Steenhuis. 142
- Editorial. Charles H Banov. 1
- Egg in children with special reference to maternal diet. IgE-mediated allergy to peanut, cow's milk, and John W Gerrard and Lewis Perelmutter. 351
- Engler, R J M, Charles B Weber, and R Turnicky: Hypersensitivity to chromated catgut sutures: a case report and review of the literature. 317
- Erffmeyer, John E: Serum sickness. 105
- Extract. A multicenter trial of immunotherapy with alginate-conjugated grass pollen extract. G Bruno, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, J Costello, J Centner, A Hunter, P B Sheehan, and A W Frankland. 384
- Extract potency. IgE FAST™ inhibition: a rapid technique for the standardization of pollen allergen extract potency. Lynn A Jones, Ruth M Jones, Jane V Sun, Yuh-Geng Tsay, Helene S Rock, and Peter Nicholson. 222
- Extracts. Prospective survey of local and systemic reactions to immunotherapy with pollen. Bruce L Nelson, Lee Ann Dupont, and Michael J Reid. 331

F

- Fabbri, L M, M V Alessandri, N de Marzo, E Zocca, D Paleari, M Pozzan, and C E Mapp: Long-lasting protective effect of slow-release theophylline on asthma induced by ultrasonically nebulized distilled water. (a communication from Italy) 171
- Farfel, Zvi, Joram S Seggev, M Shefi, and George Schey: Serum theophylline concentrations are not affected by coadministration of doxycycline. (a communication from Israel) 156
- FAST™ inhibition: a rapid technique for the standardization of pollen allergen extract potency. IgE. Lynn A Jones, Ruth M Jones, Jane V Sun, Yuh-Geng Tsay, Helene S Rock, and Peter Nicholson. 222
- Feuerman, Eleasar, Ella Livni, Sima Halevy, and Marcelo H Grunwald: Lichenoid eruption due to hydrochlorothiazide. Diagnostic aid of macrophage migration inhibition factor (MIF) test. 402
- Fich, Alexander, Yoram Levo, Meir Shalit, and Shula Wollner: Serum IgE levels in patients with inflammatory bowel disease. 85
- Fischer, Thomas J, Thomas A Kiefer, Hemant H Kesarwala, Paul A Greenberger, and John R Sweeney, Jr: Allergic bronchopulmonary aspergillosis in a young child: diagnostic confirmation by serum IgE and IgG indices. 233
- Frankel, Scott J, Stephen H Polmar, F Carl Grumet, H James Wedner: Anti-IgA antibody associated reactions to intravenous gammaglobulin in a patient who tolerated intramuscular gammaglobulin. 436
- Frankland, A W, G Bruno, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, J Costello, J Centner, A Hunter, and P B Sheehan: A multicenter trial of immunotherapy with alginate-conjugated grass pollen extract. 384
- Frenkel, Lawrence D, Naren G Jadeja, Thomas R Dennis, William J DiTuro, and Peter M Goldsmith: Intravenous gammaglobulin treatment of profound herpes varicella zoster associated thrombocytopenia. (clinical allergy-immunology rounds) 206, 241
- Frieri, Marianne, Nathan S Weiss, Linda H Pozner, Carmine Mandarano, and Myron J Zitt: Recurrent bronchospasm in a nurse. (clinical allergy-immunology rounds) 14, 44
- Fueki, Ryuzo, Setsuo Kobayashi, Tsugio Nakazawa, Yoshio Umegae, Shigeru Matsui, and Yasumasa Yoshie: Serial changes of plasma cortisol levels during various types of asthmatic responses due to allergen inhalation. 67

G

- Galant, Stanley P, Claibourne I Dungy, Peter P Kozak, and Janet Gallup: Aeroallergen exposure in the elementary school setting. 218
- Galavan, Eileen Ludmila Slutsky, Morton S Skorodin, Nicholas J Gross, Thomas Moritz, Frank W King, Wilbert Armstrong, and Dwight Wells: Oxitropium bromide, a new anticholinergic bronchodilator. 229
- Gallup, Janet, Stanley P Galant, Claibourne I Dungy, and Peter P Kozak: Aeroallergen exposure in the elementary school setting. 218
- Gammaglobulin in a patient who tolerated intramuscular gammaglobulin. Anti-IgA antibody associated reactions to intravenous. Scott J Frankel, Stephen H Polmar, F Carl Grumet, and H James Wedner. 436
- Gammaglobulin treatment of profound herpes varicella zoster associated thrombocytopenia. (clinical allergy-immunology rounds) William J DiTuro, Peter M Goldsmith, Lawrence D Frenkel, Naren G Jadeja, and Thomas R Dennis. 206, 241
- Ganderton M A, F Horak, N Hyldebrandt, J Costello, J Centner, A Hunter, P B Sheehan, A W

INDEX TO VOLUME 56

- Frankland, G Bruno, and B Wüthrich: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- Garg, Santosh K, Vijay S Mathur, Pradeep K Aggarwal, and Lata Kumar: Effect of *Rumex nepalensis* extracts on histamine, acetylcholine, carbachol, bradykinin, and PGs evoked skin reactions on rabbits. (a communication from India) 177
- Gascon, Pedro and Leonard Bielory: Bone marrow failure: immunologic implications and treatment modalities. (clinical allergy—immunology rounds) 114, 123
- Gerrard, John W and Lewis Perelmutter: IgE-mediated allergy to peanut, cow's milk, and egg in children with special reference to maternal diet. 351
- Gilmour, Robert F, Barry Zimmerman, O Alexander Lozynsky, Lee Dupuis, and Barry Shandling: Anaphylactoid and systemic reactions following saline enema administration. Six case reports. 62
- Gimeno, F, R van Veenen, and E J Steenhuis: Ear oximetry studies during sleep in patients with severe chronic obstructive pulmonary disease in a stable state. (a communication from The Netherlands) 142
- Golden, Emmel, Lloyd V Crawford, Henry Herrod, T J Yoo, Robert M Cohen, William Grant, Phil Lieberman, and William Potter: The use of methacholine inhalation, methacholine skin testing, distilled water inhalation challenge and eosinophil counts in the evaluation of patients presenting with cough and/or nonwheezing dyspnea. 308
- Goldsmith, Peter M, Lawrence D Frenkel, Naren G Jadeja, Thomas R Dennis, and William J DiTuro: Intravenous gammaglobulin treatment of profound herpes varicella zoster associated thrombocytopenia. (clinical allergy—immunology rounds) 206, 241
- Grant, William, Phil Lieberman, William Potter, Emmel Golden, Lloyd V Crawford, Henry Herrod, T J Yoo, and Robert M Cohen: The use of methacholine inhalation, methacholine skin testing, distilled water inhalation challenge and eosinophil counts in the evaluation of patients presenting with cough and/or nonwheezing dyspnea. 308
- Grass pollens. Influence of aeroallergens on bronchial reactivity in children sensitized to. (a communication from Italy) A Barbato, F Pisetta, M Norbiato, A Ragusa, P Mesirca, P Pesenti, and G Marcer. 138
- Greenberger, Paul A, John R Sweeney, Jr, Thomas A Kiefer, and Hemant H Kesarwala: Allergic bronchopulmonary aspergillosis in a young child: diagnostic confirmation by serum IgE and IgG indices. 233
- Grieco, Michael H, David K Meriney, Harish Kothari, and Paras Chinoy: The clinical and immunologic efficacy of immunotherapy with modified ragweed extract (allergoid) for ragweed hay fever. 34
- Gross, Nicholas J, Thomas Moritz, Frank W King, Wilbert Armstrong, Dwight Wells, Eileen Galavan, Ludmila Slutsky, and Morton S Skorodin: Oxitropium bromide, a new anticholinergic bronchodilator. 229
- Grumet, F Carl, H James Wedner, Scott J Frankel, and Stephen H Polmar: Anti-IgA antibody associated reactions to intravenous gammaglobulin in a patient who tolerated intramuscular gammaglobulin. 436
- Grunwald, Marcelo H, Eleasar J Feuerman, Ella Livni, and Sima Halevy: Lichenoid eruption due to hydrochlorothiazide. Diagnostic aid of macrophage migration inhibition factor (MIF) test. 402
- Guss, Chajuta, Arlene T Schneider, and Lawrence T Chiamonte: Perforated gastric ulcer in an asthmatic treated with theophylline and steroids. Case report and literature review. 237

H

- H1 and H2 antagonists: a case report. Successful treatment of idiopathic cold urticaria with the association of. J Duc and A Pécoud. 355
- Haida, Michiko, Takemasa Nakagawa, Koji Ito, Terumasa Miyamoto, and Shigetoshi Nakada: Allergenic and immunogenic components of house dust mite, *Dermatophagoides farinae*. (a communication from Japan) 150
- Hale, Ralph: Standardization of allergenic extracts. (review article) 103
- Halevy, Sima, Marcelo H Grunwald, Eleasar J Feuerman, and Ella Livni: Lichenoid eruption due to hydrochlorothiazide. Diagnostic aid of macrophage migration inhibition factor (MIF) test. 402
- Harris, M Coleman: Historian's report. 364
- Henochowicz, Stuart: Chronic diarrhea and weight loss in a patient with common variable immunodeficiency. (clinical allergy—immunology rounds) 382
- Herpes varicella zoster associated thrombocytopenia. Intravenous gammaglobulin treatment of profound. (clinical allergy—immunology rounds) William J DiTuro, Peter M Goldsmith, Lawrence D Frenkel, Naren G Jadeja, and Thomas R Dennis. 206, 241
- Herrod, Henry, T J Yoo, Robert M Cohen, William Grant, Phil Lieberman, William Potter, Emmel Golden, and Lloyd V Crawford: The use of methacholine inhalation, methacholine skin testing, distilled water inhalation challenge and eosinophil counts in the evaluation of patients presenting with cough and/or nonwheezing dyspnea. 308
- Histamine, acetylcholine, carbachol, bradykinin, and PGs evoked skin reactions in rabbits. Effect of *Rumex nepalensis* extracts on. (a communication from India) Pradeep K Aggarwal, Lata Kumar, Santosh K Garg, and Vijay S Mathur. 177
- Historian's report. M Coleman Harris. 364
- Hopp, Russell J, Barry I Alper, Agandra K Bewtra, Robert G Townley, and Nicki Nair: Correlation of

- methacholine-induced non-specific bronchial reactivity and cold air hyperventilation challenge. 226
- Horak, F, N Hyldebrandt, J Costello, J Centner, A Hunter, P B Sheehan, A W Frankland, G Bruno, B Wüthrich, and M A Ganderton: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- House dust mite, *Dermatophagoides farinae*. Allergenic and immunogenic components of. (a communication from Japan) Shigetoshi Nakada, Michiko Haida, Takemasa Nakagawa, Koji Ito, and Terumasa Miyamoto. 150
- Hunter, A, P B Sheehan, A W Frankland, G Bruno, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, J Costello, and J Centner: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- Hyldebrandt, N, J Costello, J Centner, A Hunter, P B Sheehan, A W Frankland, G Bruno, B Wüthrich, M A Ganderton, and F Horak: A multicenter trial of immunotherapy with alginate—conjugated grass pollen extract. 384
- Hydrochlorothiazide. Diagnostic aid of macrophage migration inhibition factor (MIF) test. Lichenoid eruption due to. Sima Halevy, Marcelo H Grunwald, Eleazar J Feuerman, and Ella Livni. 402
- Hydrocortisone, methylprednisolone, and dexamethasone in acute bronchial asthma. A comparison of intravenous. Michael A Sue, Frank K Kwong, and William B Klaustermeyer. 406
- Hypersensitivity to chromated catgut sutures: a case report and review of the literature. R J M Engler, Charles B Weber, and R Turnicky. 317
- Hypertension? an evaluation of the evidence and a framework for assessing clinical trials. Are oral decongestants safe in. Kenneth Radack and Colleen C Deck. 396
- Hyperventilation challenge. Correlation of methacholine-induced non-specific bronchial reactivity and cold air. Nicki Nair, Russell J Hopp, Barry I Alper, Agandra K Bewtra, and Robert G Townley. 226

I

- IgE levels in patients with inflammatory bowel disease. Yoram Levo, Meir Shalit, Shula Wollner, and Alexander Fich. 85
- IgE-mediated allergy to peanut, cow's milk, and egg in children with special reference to maternal diet. John W Gerrard and Lewis Perelmutter. 351
- IgE-mediated sensitivity during immunotherapy: comparison of the RAST with and without adsorption of IgG to titrated prick skin tests. Assessment of. Edward N Squire, Dane C McBride, Robert Ledoux, and Harold S Nelson. 22
- IgG indices. Allergic bronchopulmonary aspergillosis in a young child: diagnostic confirmation by serum IgE and. Thomas A Kiefer, Hemant H Kesarwala, Paul A Greenberger, John R Sweeney, Jr, and Thomas J Fischer. 233
- IgG to titrated prick skin tests. Assessment of IgE-mediated sensitivity during immunotherapy: comparison of the RAST with and without adsorption of. Edward N Squire, Dane C McBride, Robert Ledoux, and Harold S Nelson. 22
- IgE and IgG indices. Allergic bronchopulmonary aspergillosis in a young child: diagnostic confirmation by serum. Thomas A Kiefer, Hemant H Kesarwala, Paul A Greenberger, John R Sweeney, Jr, and Thomas J Fischer. 233
- IgE FAST™ inhibition: a rapid technique for the standardization of pollen allergen extract potency. Lynn A Jones, Ruth M Jones, Jane V Sun, Yuh-Geng Tsay, Helene S Rock, and Peter Nicholson. 222
- IgE in Nigerian asthmatic patients. RAST-specific. (a communication from Nigeria) Geoffrey C Onyemelukwe, Farouk Shakib, Thana K Saeed, Zena A Salloum, Ravindra V Lawande, and Enyoma Obineche. 167
- IgE response. The multitransfused β -thalassemic child: a model for the study of. (a communication from Italy) Alberto Vierucci, Maurizio de Martino, Assunta di Palma, Elio Novembre, Maria Elisabetta Rossi, Massimo Resti, and Chiara Azzari. 158
- IgM. Cold urticaria associated with C4 deficiency and elevated. Chester T Stafford and Donna M Jamieson. 313
- Immediate asthmatic response to allergen challenge. (a communication from the Netherlands) Z Pelikan, M Pelikan, M Kruis, and M P F Berger. 252
- Immunodeficiency. Chronic diarrhea and weight loss in a patient with common variable. (clinical allergy—immunology rounds) Stuart Henochowicz. 382, 410
- Immunotherapy: comparison of the RAST with and without adsorption of IgG to titrated prick skin tests. Assessment of IgE-mediated sensitivity during. Edward N Squire, Dane C McBride, Robert Ledoux, and Harold S Nelson. 22
- Immunotherapy with alginate—conjugated grass pollen extract. A multicenter trial of. G Bruno, B Wüthrich, M A Ganderton, F Horak, N Hyldebrandt, J Costello, J Centner, A Hunter, P B Sheehan, and A W Frankland. 384
- Immunotherapy with modified ragweed extract (allergoid) for ragweed hay fever. The clinical and immunologic efficacy of. David K Meriney, Harish Kothari, Paras Chinoy, and Michael H Grieco. 34
- Immunotherapy with pollen extracts. Prospective survey of local and systemic reactions to. Bruce L Nelson, Lee Ann Dupont, and Michael J Reid. 331

INDEX TO VOLUME 56

- Inflammatory bowel disease. Serum IgE levels in patients with. Yoram Levo, Meir Shalit, Shula Wollner, and Alexander Fich. 85
- In memoriam. M Coleman Harris. 441
- Ipratropium aerosol on the nasal methacholine challenge in patients with allergic and non-allergic rhinitis. The effect of locally applied. (a communication from the Netherlands) S Sanwikarja, P I M Schmitz, and P H Dieges. 162
- Isles, Aian F, Henry Levison, Stuart M Macleod J Steven Leeder, Colin Robertson, and Junita Corriera: Evaluation of serum theophylline concentrations following administration of sustained-release beads in applesauce to asthmatic preschool children. (a communication from Canada) 133
- Ito, Koji, Terumasa Miyamoto, Shigetoshi Nakada, Michiko Haida, and Takemasa Nakagawa: Allergenic and immunogenic components of house dust mite, *Dermatophagoides farinae*. (a communication from Japan) 150
